

Legend

Grey	Grey
White	White
Black	Black
Purple	Purple
Blue	Blue
Green	Green
Yellow	Yellow
Orange	Orange

Connect yellow and orange together
 Connect blue and green together
 Connect grey(ground) to ground of controller
 Connect white to signal output of controller
 Leave black and purple floating

Black : 5VDC supply
 White : Control input voltage
 Grey : Ground
 Purple : Error signal output
 Blue : Ground
 Green : Input remort on/off
 Yellow : Speed signal output
 Orange : Ground
